

The Minnesota Science Teachers Association

Professional Learning Opportunities '24-'25

MnSTA is excited to announce our professional learning opportunities for members this school year. Each session is approximately 1 hour and consists of a presentation and discussion.

Highlights include:

- Tools to support NGSS
- Free for members
- Clock Hours available
- Come to all or any that fit your schedule

New this year- No Pre-registration required!

Zoom links for each session will be posted on our website at : www.mnsta.org

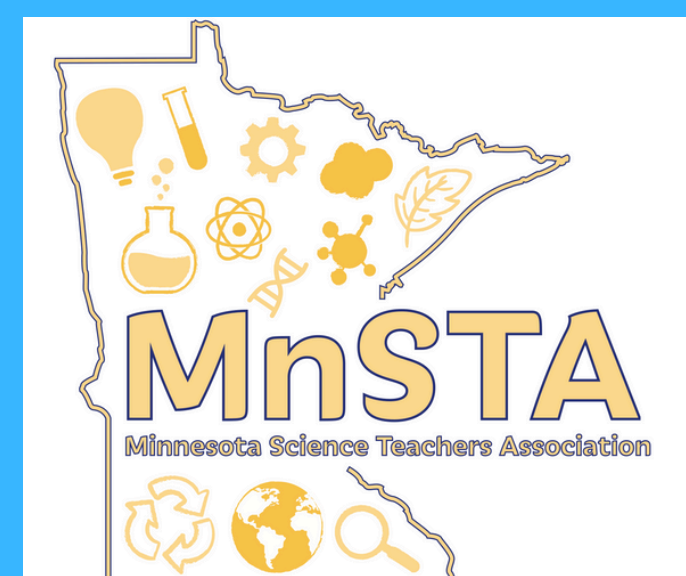

Must be logged in as a member to see the zoom links. Please register to receive clock hours and follow up resources.

Questions: contact us at: jill.jensen@charter.net
